15	I think that garden is on a great path but it really needs a small rebuild. I'm not sure about the logistics of our city but I know that we need to keep upgrading the interior of our city while also growing outwards. I think that the city should be super vocal about what they want to upgrade or add to the city. Show receipts about ideas and let the community get involved in designing and developing a new garden city. If you read this I have tons of ideas about garden city and how you can get the community involved heavily. If you want some more input my email is isaac.acosta2004@icloud.com please contact me there. There needs to be more townhouses or newer, more affordable housing for those who are single or unable to affording the expensive housing you see at Chapel Heights. Outdoor dining restaurants on/near Main Street would bring life to the city during the evening/overnight.	1/24/2022 6:27 PM

86	Sidewalks are urgently needed west of five points. Too many children and adults only have Kansas Ave to walk on to Dillons and to school, and and driver's on West Kansas Ave think it is a face track. I pray that no one is killed before pedestrians are given someplace to walk. There are very few, if any, sidewalks anywhere South of Buffalo Jones, and west of Taylor. I know this is probably not related to what you're asking, but it is a great need for Garden City.	1/20/2022 4:18 PM

97	I picked Land Use Concept 1, but I do like the ideas of expanding Downtown and adding housing to vacant land. I also think that we should try to avoid any sort of development along the river, and instead develop gardens and arboretums in the city. I think the city should invest in building a park with basic commodities to ensure that locals have their own place to go. This park can be helped funded by making memberships and holding "poker runs", "midnight fun runs", and members only exclusive rides. I also think the city should get ahead on the electrification of vehicles by providing charging stations spread throughout the city. It can be a source of funding to help maintain them and keep everything in that regard local.	12/15/2021 8:15 AM

Basically with all development projects we should focus on building our city around people and not around cars. One thing I love that the city has done lately is the new landscaping off Kansas between like 3rd and 6th. The trees along Kansas make our city so much more attractive than other cities I've driven through. They keep it from looking run down. 562	Housing is THE top issue. Growth will slow until we get this figured out. The city needs to get out of the way and let developers do their thing. Reduce zoning laws and lower restrictions so housing can be built.	11/8/2021 11:57 AM
563	Electric vehicle chargers near outdoor shopping area and outdoor family entertainment area.	11/8/2021 10:09 AM
564	Tear down the Windsor; mandate business licenses so those fees could be used to help with development; put pressure on building owners to do something with empty buildings that blight Downtown; have a minimal maintenance ordinance for all commercial property but especially for Downtown; do something with Heroes' Way!	11/8/2021 9:25 AM
565	Y'all should reinvigorate the Windsor hotel and the movie theater on main street	11/4/2021 9:12 PM
566	We need better shopping such as kohls, academy sports, bath and body works	11/4/2021 8:22 PM
567	Develop affordable housing and senior living option	11/4/2021 7:28 PM
568	Housing needs to be more affordable.	11/4/2021 1:08 PM

570	Love to see a 10 mile bike or hiking trail between Holcomb and GC	11/4/2021 8:42 AM
571	Buffalo Dunes is doing some amazing things	11/4/2021 8:36 AM
572	Should be required if own a building downtown you must maintain a business or lease it, not incentivize but maybe fine the owner for keeping vacant.	11/4/2021 5:32 AM

575	Incentivize builders from other cities such as Hays, Wichita, and the surrounding KC areas to partner in building better developments. The housing here is too high and we cannot live off of the few builders that Garden City has. The city already has to compensate for the lack of quality craftsmanship over in the Clarion Estates area. It could barely rain and that housing area has improper drainage and was not thoroughly inspected for moisture barrier. Garden City is desperate and for how many businesses are being brought in our #1 concern should be finding more builders and incentivizing them or contracting them for building and labor. Housing needs to be solved long before we decide to paint a mural or add more outdoor dining. There's not enough workers as it is anyway. Because there's. No. Housing.	11/3/2021 8:20 PM
576	Downtown would be more popular if there were stores with better options. There's really not any good shopping down there. Another small Kansas town sets up a fake ice skating rink in front of there courthouse each winter. It draws a lot of people. They rent out the skates. Something like that would be great in Steven's Park in the winter.	11/3/2021 8:11 PM
